

# PRESS RELEASE

**MONTREAL, JUNE 21, 2018 - Montreal is hosting the 22<sup>nd</sup> RoboCup International Competition and Symposium at the Palais des congrès from June 18 to June 22. LEARN is honoured to be a partner of RoboCup Montreal. LEARN will host the Farewell Cocktail on Friday, June 22, 2018 from 5:30 – 7:30 pm at the Palais des congrès de Montréal, Rooftop Level 7.**

This International Competition brings together students, dignitaries, international esteemed keynote speakers and educators from around the world. The cocktail reception will be an exceptional occasion to meet, network with change leaders and to share thoughts on the intersection of education, technology, and industry. Some of our key guests will be David Birnbaum (MNA D'arcy-McGee), Mr. Philip Tomlinson (Mayor of Outremont), Brian Ewenson (aerospace educator, consultant, professional speaker and recognized as a top aerospace expert in Canada and NASA's space programs) and several members of the International Federation of RoboCup from Japan, Austria, Portugal, Italy, United States and many more. Professionals in education, robotics, and artificial intelligence will be amongst our esteemed guests.

**About the organization.** *LEARN is a non-profit educational organization with a mandate to serve the English-speaking community of Quebec. LEARN accomplishes this by offering a wide range of resources and services at no charge for educators, students, parents and community members of the English-speaking community of Quebec. These services and resources include elementary and secondary level teaching tools and content, professional learning, community, school and parental support, as well as a full range of online services through the LEARN Virtual Campus. The Virtual Campus includes online classes to students across the province, personalized tutorials, summer school, as well as customized programs that are developed in concert with schools and school boards. All of LEARN's efforts are intended to contribute to student retention and academic success and strong English-speaking communities. LEARN is the only organization with uniquely English-speaking representatives who come from both the public and private sectors dedicated to schooling at the K-11 levels.*
