Online Blended Courses

Aligned with the way students LEARN today.

WHO USES OUR SERVICE?

LEARN's Virtual Campus provides high-quality instruction aligned with the Quebec curriculum and allows for **equity of course offerings** across the province no matter the size, staffing, or geographical location of the school. Our secondary courses follow the Quebec school calendar and run from August to June.

Who are our students?

- ▶ Students from schools looking for options not offered locally.
- ▶ Students with scheduling conflicts.

HOW DO OUR COURSES WORK?

All LEARN courses, both **Real-Time** and **Self-Paced**, feature access to engaging online resources 24/7 through our secure learning portal and allow students to meet in a full-featured web-based virtual classroom. With modelling in how to build a 21st-century digital footprint, secondary 4 and 5 students are encouraged to communicate regularly, inside and outside of class time. With their qualified online teachers, students develop skills related to the use of technology, and participate in learning and reflection opportunities using social media.

REAL-TIME COURSES FEATURE REGULAR LIVE ONLINE GROUP INSTRUCTION DURING THE SCHOOL DAY AT A SET TIME.

SELF-PACED COURSES CAN BE ACCESSED AT ANY TIME OF THE SCHOOL DAY. STUDENTS WORK INDEPENDENTLY AND PARTICIPATE IN WEEKLY MEETINGS WITH THE LEARN TEACHER.
