

LEARN

Leading English Education and Resource Network

Position: Development and Coordination
50% Senior Science Resource development
50% Consultant - **Science**

Starting Date: July 1st 2009 to June 30th, 2010

Location: Montreal region, with travel as needed

Salary: To be determined with respect to experience and schooling
(From \$40,000 to \$65,000 annually)

Terms: Full time position

Nature of the work

The candidate will:

- Review and validate all LEARN science productions in progress
- Lead writing teams to create online curriculum for the new Secondary cycle 2 programs
- Participate in the design of tools to help teachers, consultants, etc. better understand and implement: the QEP, innovative pedagogy, and Information and Communication Technology (ICT)
- Develop workshops, training sessions, etc. and present to and with teachers and consultants at provincial events
- Guide and support teachers and consultants involved in action-research projects exploring innovative aspects of the Québec Education Programme (QEP) as well as the use of technology in particular for **Science programs** at all levels. For examples of such projects, please see:
<http://www.learnquebec.ca/en/content/curriculum/mst/>
- Be actively involved in cutting-edge provincial forums and task forces
- Communicate results, tools, and highlight projects etc. via the LEARN website and participate in on-line support
- Work with a collaborative, virtual community
Please see <http://www.learnquebec.ca/en/about/> – “About Us” for more information about the team.

The successful candidate should have:

- A bachelor's degree in a relevant field
- Experience in education at the Secondary Cycle 2 level in Science
- An excellent understanding of the QEP
- Excellent written and oral English
- Good knowledge of oral and written French is an asset
- Skills in educational design are an asset
- Excellent skills in the use of ICT
- Sound organizational skills and the ability to lead group work as well as teach adults
- The ability to work independently as well as in a team
- Flexibility and adaptability
