

Montreal, April 2011

Dear Parent or Guardian,

LEARN is a non-profit educational foundation supported, in part, by funding from the Quebec-Canada Entente for Minority Language Education. We aim to provide access to quality learning material, educational technology, and e-learning resources in a timely, responsive manner to the Québec English Education Community. We often work with teachers on special projects that we then share with our community as models of best practices. Please visit www.learnquebec.ca for more information about LEARN.

LEARN has been asked by senior students to open a provincial community space focused on Math, Science, and Technology. In response to this, we are piloting a community space for students in Secondary Cycle 2 from schools and school boards in the English education community. Our goal is to foster sharing of problems, questions, puzzles, and discussions led by students. Should you agree to have your son/daughter to join this supervised section of our website, we require you to sign below. A consultant from LEARN will always be a member of this space and act as a moderator if required.

We will ask all student members to engage in appropriate online behavior, to share responsibly (i.e. respect copyright) and contribute to sharing knowledge and skills. LEARN reserves the right to restrict access to the community portal.

Please fax this permission form along with the signed Student Community Guidelines to LEARN at 819-647-6070 or email a scanned copy to dturcotte@learnquebec.ca. Upon receipt, an email will be sent to your son/daughter inviting them into our new student community and community access will appear on his/her LEARN home page.

On behalf of our organization, I hope your child will LEARN with us.

Bev White
Director
LEARN

Provincial Online Protected Spaces Student Math, Science, and Technology Community Parental Permission Form

I, the undersigned, agree to assume responsibility for the content of the artifacts and information placed by my son/daughter _____ in the community. I understand that my child will be able to discuss and exchange information in the community space.

I accept LEARN's right to restrict access to the community in cases of inappropriate use. Such use might entail but not be exclusive to the sharing of copyrighted materials or other inappropriate online conduct. I recognize that my son/daughter must abide by the LEARN Student Community Guidelines as detailed at <http://www.learnquebec.ca/en/content/curriculum/mst>.

I also recognize that this service is being offered free of charge by LEARN. Student work should be backed up in another medium in case of a technical failure. LEARN will do its best to maintain service and backups but cannot be held responsible for loss of work.

I agree to hold LEARN harmless should any of the above situations occur.
