

LEARN STUDENT COMMUNITY GUIDELINES

The intent of LEARN's student community is to provide English-language secondary students in Quebec with a place to communicate their educational needs and share their experiences and resources with one another.

1. I will not give out any information more personal than my first name nor will I post pictures of myself or my classmates.
2. I will not plagiarize; instead I will expand on others' ideas and give credit where it is due.
3. I will use language appropriate for the classroom.
4. I will always respect my fellow students and their writing.
5. I will not be afraid to express my ideas, while not over generalizing or making offensive remarks.
6. I will use constructive/productive/purposeful criticism, supporting any idea, comment, or critique I have with evidence.
7. I will take my Sakai community involvement seriously, posting only comments and ideas that are meaningful and that contribute to the overall conversation.
8. I will not bully others in my posts or in my comments.
9. I will never access another student's account or make any changes to their posts and comments.
10. I will be proactive in monitoring the comments that others leave in the Sakai community space, forwarding inappropriate comments to the administrator if necessary.
11. I will keep my writing authentic, while taking responsibility for anything I add to the community.
12. I will not provoke other students in my posts or comments.
13. I will use the Sakai community as an extension of the classroom. With this in mind, I will only write in the community what I would say to my teacher and classmates in a classroom.
14. I will only post photos which are school appropriate and are either not copyrighted or correctly cited.

15. I will not spam or post junk-mail.

16. I will only post comments on posts that I have fully read, rather than just skimmed.

17. I will not reveal anyone else's identity in my comments or posts.

Failing to follow the above rules will lead to the following consequences:

- Student will
 - a. Be contacted by email
 - b. Be asked to edit or delete offending post or comment and/or issue an apology if required
 - c. Lose access to the LEARN student community
- Parent will also be contacted by phone.

I have read and understand the LEARN Student Community Agreement.

Student Signature
