Getting ready for Kindergarten Café Meeting in Live Classroom Meeting

To access Live Classroom Meetings from your LEARN Personal Home Page you must be a member of the Kindergarten Community.

In our Live Classroom meetings, all participants can talk to each other as well as type in a “chat” area and more.

Here is what you need to do to get ready:

1- At least 1 week before the meeting, make sure your technology works.

- Find a headset or ear buds (do not use internal or external speakers).
- Log into your LEARN account.
- On your LEARN home page, under the Live Classroom link, click on “Run the wizard” . Follow the steps and the instructions. Make sure your microphone and speakers work.

Forums

Live Classroom 
(Please [run the wizard](#) to make sure your computer has all the required components installed)

- Once that completed, go directly into Live Classroom and check that you see the “**Kindergarten – Présoilaire**” room in the list of rooms posted in the Lobby.

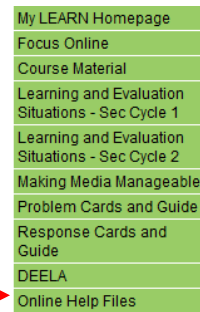

Note: Make sure you run the set up on the computer that you will actually use for the meeting. Do not switch computers unless it too has been set up and tested. Also, if you plan to attend from school, test it from there as some school boards might restrict access.

System requirements:

- Windows 2000+, Mac OSX 10.2+ or Linux*
- 128 MB RAM (256 MB recommended)
- IE 5.0+, Netscape 7.0+, Mozilla (Firefox) 1.0+, Safari 1.1+
- Browser must be Java and JavaScript enabled
- Internet access at 56k or above

2- A few days before, become familiar with the Live Classroom interface.

- In the LEARN green side menu, go to “Online Help Files” (bottom of the menu), then go to Live Classroom Help http://www.learnquebec.ca/en/content/online_help/live_classroom_help/index.html
- View the presentation and try its instructions.

3- Attend a Live Classroom 101 testing session

- There will be a few dates and times set where you can come into Live Classroom and we can make sure everything works well. We'll also review how it works.... It's really, really easy.
- Check the schedule in our Sakai Community Calendar.

You only need to do this once. After that, your computer will be ready for a meeting anytime.

If you can't get help locally, contact me at dufourc@videotron.ca and leave a phone number and a time when you can be reached so we can work together while you are at YOUR computer.
