Tara Wheeler	<i>Project Development Officer for the Work-Oriented Training Path</i>
Marsha Gouett	MEESR-Direction des services à la communauté Anglophone-Services aux réseaux <i>Spécialiste en sciences de l'éducation</i>

In 2015, a group of WOTP consultants and teachers came together to create a set of evaluation tools for the *Work Skills* and *Preparation for a Semiskilled Trade* courses in the Prewrite Training and Training for a Semiskilled Trade options of the Work-Oriented Training Path. This toolkit was created using the *Québec Education Program*, the *Framework for the Evaluation of Learning* for the *Work Skills* and *Preparation for a Semiskilled Trade* courses, and the Ministry annual *Directives*.

Funding for the creation of this toolkit was made possible through a Success Project grant from the MEESR (DSCA-SAR), through contributions from the *Canada-Québec Agreement on Minority-Language Education and Second-Language Instruction*.

June 2015

This Evaluation Toolkit for the WOTP contains the following working documents:

Program/Course	Document Title	Intended Use
Pework Training Work Skills	TEACHER RECORD SHEET Competency 1 Work Skills	This document could be used by the teacher to evaluate the seven competencies chosen from the Directory of Semiskilled Trades. The teacher can use evidence and comments from the School-based Practicum Supervisor (if this person is different than the teacher) and the Workplace Supervisor to help inform evaluation. However, it is essential that the teacher observes the students performing the chosen competencies (and related tasks) in person, as it is the teacher's responsibility to determine if competence has been achieved.
Training for a Semiskilled Trade <i>Preparation for a Semiskilled Trade</i>	TEACHER RECORD SHEET Competency 1 <i>Preparation for a Semiskilled Trade</i>	This document could be used by the teacher to evaluate the required competencies associated with the chosen semiskilled trade in the <i>Directory of Semiskilled Trades</i> . The teacher can use evidence and comments from the School-based Practicum Supervisor (if this person is different than the teacher) and the Workplace Supervisor to help inform evaluation. However, it is essential that the teacher observes the students performing the established competencies (and related tasks) in person, as it is the teacher's responsibility to determine if competence has been achieved.
Pework Training <i>Work Skills</i>	SCHOOL-BASED PRACTICUM SUPERVISOR RECORD SHEET Competency 1 <i>Work Skills</i>	This document could be used by the School-based Practicum Supervisor to provide anecdotal evidence (with date indicated) and comments about the students' progress in their workplace practicums. This evidence and associated comments will help inform the teacher's evaluation process.
Training for a Semiskilled Trade <i>Preparation for a Semiskilled Trade</i>	SCHOOL-BASED PRACTICUM SUPERVISOR RECORD SHEET Competency 1 <i>Preparation for a Semiskilled Trade</i>	This document could be used by the Workplace Supervisor to provide anecdotal evidence (with date indicated) and comments about students' progress in their workplace practicums. This evidence and associated comments will help inform the teacher's evaluation process.
Both	WORKPLACE SUPERVISOR FEEDBACK FORM <i>Development of specific competencies/skills</i>	This document could be used by the Workplace Supervisor to provide anecdotal evidence (with date indicated) and comments about students' progress in their workplace practicums. This evidence and associated comments will help inform the teacher's evaluation process.
	WORKPLACE SUPERVISOR FEEDBACK FORM <i>Development of attitudes and behaviours required in the workplace</i>	This document could be used by all those who are involved in the supervision and evaluation of the students' workplace practicums. The evidence gathered here could help to inform the teacher's final evaluation of the student.
	STUDENT REFLECTION SHEET Competencies 1 & 2	This document could be used by the student to reflect on aspects of Competency 1 and 2 as they progress through their workplace practicum. These reflections could be used by the teacher to inform the evaluation process.
	STUDENT OVERALL REFLECTION	This final student reflection sheet gives students an opportunity to reflect on their practicum as a whole. This reflection could be used by the teacher to inform the evaluation process.

EVALUATION OF THE WORK SKILLS & PREPARATION FOR A SEMISKILLED TRADE COURSES

Successful completion of the *Work Skills* or *Preparation for a Semiskilled Trade* course is one of the conditions for obtaining a Prework Training Certificate (PWTC) or a Training Certificate for a Semiskilled Trade (TCST), as applicable. Evaluation in these courses requires that a number of individuals share information.

“The school is responsible for evaluating students’ level of competency development and for making evaluation decisions. It should, however, exchange information with the workplace and ensure communication between students, workplace supervisors and the school. Students should be evaluated regularly and progressively during the learning process so that they become actively involved in the development of their competencies and learn to adjust their approach as needed.”

Work Skills, page 5

Preparation for a Semiskilled Trade, page 5

Teachers are not obligated to use this evaluation toolkit; they have the right to choose their own means of evaluation. However, the toolkit is offered in the hope that it will streamline and facilitate the exchange of information and the overall evaluation process for teachers. The record sheets and feedback forms provide space to insert the school’s logo/contact information.

Quote from QEP	<i>“The aim of the program is to help students construct their occupational identity, adopt behaviours and attitudes required in the workplace and foster their gradual integration into the work force, by offering them the opportunity to develop work-related competencies in actual work settings.”</i> (Work Skills, page 1)	<i>“In this one-year program, students learn a semiskilled trade. They are given the opportunity to apply the competencies they developed in general education in a real work setting... The students will try their hand at work-related activities in keeping with their interests and abilities, which may give them a sense of motivation and help them to find meaning in their academic learning.”</i> (Preparation for a Semiskilled Trade, page 1)
